SUBCONTRACTOR AGREEMENT

AGREEMENT dated as of the Effective Date between the contractor ("Contractor") and the subcontractor identified on Schedule 1 to this Agreement **A & A Cable Contractors Inc.** ("Subcontractor").

In consideration of the mutual covenants and promises contained in this Agreement, Contractor and Subcontractor agree as follows:

1. Subcontractor will perform the scope of Work as Contractor's subcontractor under the Primary Contract at the Primary Contract Location, all as described on Schedule 1. Subcontractor will perform the Work in accordance with the terms of this Agreement and the Primary Contract, the terms of which are incorporated into this Agreement by reference to the extent not inconsistent with the terms of this Agreement.
2. Subcontractor will exercise the same degree of care, skill and diligence in the performance of the Work as is ordinarily exercised by other subcontractors in the industry, but in any event not less than is required of Contractor under the Primary Contract. Subcontractor warrants (a) that the Work complies with all diagrams, drawings, plans, specifications and other documentation, information or requirements regarding the Work under the Primary Contract ("Specifications") and that it is free of all deficiencies and defects in workmanship, and (b) that all materials or equipment supplied by Subcontractor complies with all Specifications and is new and fit for its intended purposes, unless otherwise described in the Specifications. In addition, Subcontractor warrants the Work performed by Subcontractor to Contractor and Owner to the same extent as Contractor warrants the same Work to Owner under the Primary Contract. Subcontractor will immediately repair or replace any defective Work or materials or equipment that in Contractor's or Owner's reasonable judgment is defective or deficient or does not meet the Specifications, or that Subcontractor damages or destroys in carrying out its obligations under this Agreement, without any additional compensation. All Work will be performed to the satisfaction of Contractor and Owner, whose determination will be final and binding on Subcontractor. Subcontractor will cooperate and coordinate with all other contractors, subcontractors, and suppliers so as not to delay or hinder the performance of their work under the Primary Contract.
3. Contractor will provide Subcontractor, from time to time, with a schedule for completion of all or a portion of the Work, which schedule may be revised as the Work progresses without additional compensation to Subcontractor. Contractor may at any time require Subcontractor to alter the schedule with respect to the order of completion of

particular segments of the Work, or to stop work altogether or to suspend performance of this Agreement, or to recommence work, without additional compensation or any extension of the schedule for completion. Timely completion of the Work in accordance with the schedule for completion is of the essence of this Agreement, and failure to comply with the schedule will be grounds for (a) reduction of any compensation payable to Subcontractor under this Agreement, (b) immediate termination of this Agreement by Contractor, without prejudice to Contractor's remedies under this Agreement or under law or (c) any other remedies provided for under paragraph 15 of this Agreement or as provided for under applicable law. The hours of Work and the days upon which Subcontractor will perform the Work will be solely within the discretion of Subcontractor, consistent with the schedule of Work, this Agreement and the Primary Contract. Subcontractor will provide Contractor with such reports and other evidence of the progress of the Work as Contractor will reasonably request. Contractor may inspect the Work at all reasonable times without notice to Subcontractor.

4. Contractor may direct Subcontractor, in writing, to make changes to the Work. Adjustments, if any, in the contract price or the schedule of Work resulting from such changes will be set forth in a written Subcontract Change Order, in compliance with the Primary Contract. All Change Orders must be approved in writing by an authorized officer of Contractor and Owner in order for Subcontractor to receive compensation for the work performed. Under no circumstances may additional compensation be due Subcontractor unless such compensation is obtainable under the Primary Contract. Subcontractor may not suspend the performance of this Agreement pending review and approval of any Change Order or for any other reason.

5. All Specifications and all other materials, documentation or information regarding the Work, the Primary Contract, the Owner or the Contractor supplied to or obtained by Subcontractor from Contractor or its representatives, or that Subcontractor prepares or creates or causes to prepare or create specifically related to the Work (collectively, the "Information"), is the sole property of Contractor, and Subcontractor may use such Information solely for purposes of completing the Work in accordance with the terms of this Agreement. Subcontractor will execute and deliver any documentation necessary or desirable to vest indefeasibly title to such Information in Contractor. Such Information will be considered confidential, and Subcontractor may not release or disclose such Information to any person or entity without Contractor's prior written consent. Subcontractor may not use, and acquires no interest of any kind in, Contractor's or Owner's name, trademarks, or other intellectual property of any kind, except as specifically permitted in writing.

6. Subcontractor will be responsible for any permits, licenses or other authorizations necessary for Subcontractor to perform the Work, copies of which will be provided to Contractor upon request. Any materials supplied by Subcontractor must meet the standards established by Contractor or Owner under the Primary Contract. Subcontractor will be responsible for the condition and safekeeping of any tools, equipment, vehicles, materials or other tangible assets ("Assets") provided by Subcontractor or provided to Subcontractor by Contractor, Owner or another subcontractor in connection with the Work, and will return such Assets to their rightful owner (to the extent not used in completing the Work) upon completion of the Work. Subcontractor will maintain the Assets used in connection with the Work in good operating condition, repair, and appearance, and protect the same from deterioration, other than normal wear and tear, and will use the Assets in the regular course of business only within its normal capacity, without abuse, and in a manner contemplated and recommended by the manufacturer. Any Assets that are loaned or rented to Subcontractor, will be the sole responsibility of Subcontractor, who will be responsible for adequately insuring said Assets in accordance with the requirements of this Agreement.

8. Subcontractor and its employees and agents will observe all safety, nondiscrimination, equal employment, drug and alcohol, business ethics and other rules and policies of Contractor and Owner and all applicable laws, rules and regulations of any governmental authority in performing the Work, including without limitation those relating to safety and health, the environment, and labor and employment (collectively, "Requirements"). If required by the Primary Contract or by Contractor's or Owner's policies and procedures, Subcontractor will conduct drug or alcohol testing and will conduct background checks on Subcontractor's employees. Subcontractor acknowledges and agrees to fully comply with the provisions of Federal Labor Provisions (PR 1273), Notice of Affirmative Action (Executive Order 11246) (43 FR 14895) and Standard Federal EEO Specifications (Executive Order 11246) (43 FR 14895), to the extent applicable. Contractor or Owner will have the right to audit Subcontractor's compliance with the Requirements and the other requirements of this Agreement and the Primary Contract at any time, and Subcontractor will provide any documentation requested by Contractor or Owner and will otherwise cooperate in the conduct of such audits. Contractor may direct Subcontractor to stop all Work until Contractor has determined that Subcontractor is in compliance with the Requirements.

9. Subcontractor is engaged as an independent contractor and is not an agent or employee of Contractor. Subcontractor acknowledges that Contractor may engage other subcontractors or agents to carry out a portion of the Work or other work related thereto.

Subcontractor is responsible for scheduling Subcontractor's personnel, subject to the Contractor's schedule of completion and other requirements. Subcontractor is solely responsible for payment of all compensation and benefits to its employees and others engaged by it to perform the Work and for all workers' compensation, unemployment compensation, health, life and disability insurance, social security and income tax withholding, and all other federal, state and local withholding taxes or other taxes, withholdings and payments due on account of such compensation. Contractor or Owner may require Subcontractor to submit payroll records to Contractor. Subcontractor will not solicit, attempt to solicit or engage directly or indirectly (either as an employee, officer, director, partner, shareholder, consultant, or independent Subcontractor) those customers of Contractor with whom Contractor has contracted, for the purposes of providing or offering to provide the same and/or similar services or products.

10. Subcontractor acknowledges that it has (a) visited the site(s) where the Work is to be performed and visually inspected and is familiar with the general and local conditions which could affect the Work, and (b) reviewed the terms and conditions of the Primary Contract, including the Specifications. Subcontractor assumes the risk of the condition of the site(s) where the Work is to be performed. Notwithstanding the provision by Contractor of a payment or other bond, letter of credit or other security securing or guaranteeing payment to Subcontractor, Subcontractor will not make any claim against such bond or letter of credit or other security unless and until Owner has paid Contractor in full for the Work performed by

In addition to the requirements of paragraph 11, final payment to Subcontractor is contingent upon Subcontractor delivering the releases and affidavits contemplated by this paragraph.

14. Subcontractor will provide and maintain at its own expense the minimum insurance coverages set forth on Schedule 2 with such insurance companies and in such form as will be satisfactory to Contractor and Owner. If required by the Primary Contract, Subcontractor will provide such additional insurance coverages as is required by Owner under the Primary Contract. All insurance required under this Agreement must be on an "occurrence" basis and not on a "claims made" basis. Subcontractor, prior to commencement of any Work, will provide Contractor with certificates of insurance evidencing the coverages required by this Agreement in a form acceptable to Contractor, which certificates will also provide that (a) Contractor is named as an additional insured under the insurance policies required by this Agreement, and (b) the insurance carrier must provide thirty (30) days prior written notice to Contractor of any cancellation of or material modification of such insurance policies. The maintenance of the insurance required by this Agreement will not relieve Subcontractor of any liability to Contractor under this Agreement or otherwise. Further, Subcontractor will indemnify, defend and hold harmless the Indemnitees to the fullest extent that Contractor is required to indemnify, defend and hold harmless Owner under the Primary Contract. In addition to any other rights of Contractor under this Agreement, upon a breach of this Agreement by Subcontractor or failure by Subcontractor to comply with the terms of this Agreement, Contractor may (a) terminate this Agreement immediately without further notice, (b) undertake to correct Subcontractor's breach or failures either directly or through other contractors, all for the expense and at the risk of Subcontractor, and (c) offset against amounts due to Subcontractor any Damages suffered or incurred by Contractor as a result, directly or indirectly, of Subcontractor's breach or failures.

16. If the Primary Contract to which this Agreement refers is terminated, suspended or delayed for any reason, this Agreement will be terminated, suspended or delayed on the same basis and upon the same effective date as the termination, suspension or delay of the Primary Contract. Upon such a termination, suspension or delay of this Agreement, Subcontractor will only be entitled to recover from Owner or Contractor such amounts as are payable to Contractor for the portion of the Work completed by Subcontractor, less Contractor's anticipated gross profit from the Work. Subcontractor is not entitled to mobilization, start-up, demobilization or other amounts, or consequential, special, incidental, liquidated or punitive damages, or for commercial loss or lost profits, unless such amounts or damages are awarded to Contractor, in which case Subcontractor may recover such amounts or damages for the portion of the Work completed by Subcontractor less the same percentage constituting Contractor's gross profit retained by Contractor from all other amounts payable by Owner. Subcontractor will not be entitled to any other remedy for a termination, suspension or delay under this Section 16 including any amounts directly from Contractor.

17. In addition to all other legal rights or remedies which Contractor may have available to it in law or equity, Contractor may terminate this Agreement immediately at any time because of (a) the failure of Subcontractor to perform the Work diligently, promptly and efficiently or in accordance with the schedule of Work, (b) a breach by Subcontractor of the provisions of this Agreement or the Primary Contract, or (c) if Subcontractor becomes insolvent, is unable to pay its debts as they come due, makes a general assignment for the benefit of creditors, files a voluntary petition in bankruptcy or for reorganization or has filed against it an involuntary petition, or takes any other similar action. Contractor may offset against any amounts due to Subcontractor by Contractor under this Agreement or any other agreement between Contractor or any of its affiliates and Subcontractor the amount of any losses, claims or other damages recoverable by Contractor from Subcontractor under this Agreement or otherwise.

18. Without limiting the survivability of other provisions of this Agreement, Subcontractor's obligations set forth in paragraphs 1, 3, 5, 7, 9, 11, 12, 14-17 and Schedule 1 will survive expiration or termination of this Agreement for any reason.

20. This Agreement: (a) inures to the benefit of and is binding upon the parties and their respective successors and permitted assigns; (b) may not be assigned or subcontracted or any of the duties set forth in this Agreement delegated or subcontracted except that Contractor may assign and delegate its rights and obligations under this Agreement to any affiliate of Contractor; (c) contains the entire agreement of the parties and supersedes any earlier or contemporaneous understanding or agreement; (d) may not be amended except by a writing signed by each of the parties; (e) may not be modified or waived unless in writing, and signed by a duly authorized representative of each party; and (e) is governed by the laws of the state of Florida, without regard to its conflict of laws rules.
